Duties of the Vice President for Education

The VP for Education facilitates small study groups by matching volunteer leaders with club members wishing further study on various topics.

She/he assists volunteer leaders in preparing course descriptions which are then circulated to the members.

In collaboration with volunteer leaders, courses are designed for members of all levels of experience and vary from short, narrowly focused courses to lengthy, comprehensive courses stretching out over several weeks. The number of students in each course is determined by the leaders, but is intended to be small to provide more individual instruction. They may include outdoor as well as indoor instruction.

The VP circulates the course descriptions with links to the volunteer leaders for coordination of the logistics.
